Are you interested in climate change, or cyber crime? Do you want to be part of a company that helps businesses protect their assets against risks? From protecting renewable wind farms from natural disasters to insuring fleets to facilitate world trade, we help businesses get back up and running after a catastrophic event. We are Chaucer, a global specialty (re)insurance group.

Now in it's 4th year, we are excited to re-open applications to the scholarship programme to students from disadvantaged backgrounds that are interested in pursuing a career in the industry. We will encourage, support and

mentor you throughout your studies, so that on graduation, you will be ready to launch your insurance career debt-free.

The insurance industry offers bright graduates a dynamic and exciting career, whether you choose to be an underwriter, working with brokers and clients or you prefer to focus on the data to help model risks, there is something for everyone.

At Chaucer, we are committed to creating a diverse workforce and inclusive environment that reflects our company values and enables high performance and innovation. We acknowledge that advantages and barriers exist and are determined to address the need for equity.
